PROFILE

AI Product Manager experienced in **B2B SaaS, fintech, and automation products**. Skilled in **defining requirements, coordinating cross-functional delivery, and improving security, compliance, and commercial performance**. Focused on shipping reliable, data-driven features with clear business impact.

WORK EXPERIENCE

- Schneider Electric - France** April 2025 - September 2025
Product Manager - Commercial Analytics
 - Reported to the Director of Commercial Efficiency to translate performance insights into **product enhancements and commercial priorities**, contributing to **~15 % faster** decision-making across France operations
 - Prioritised visibility gaps** for sales teams and launched new metric views across **25+ product categories**, improving strategic alignment for 10+ commercial partners
 - Initiated **early-stage predictive analytics models** to identify pipeline gaps and high-potential segments, setting the foundation for **targeted sales strategies** and a projected **10-12%** uplift in qualified leads.
- Beloy - France** June 2023 - July 2024
Product Manager
 - Owned the **product roadmap** and coordinated with engineering, operations, and client teams to ensure on-time delivery of **50+ committed releases**.
 - Led SOC-2 compliance upgrade, improving audit readiness from **33% to 90% within 3 months**, significantly enhancing data security and customer trust.
 - Defined and validated **UX requirements for security workflows**, cutting delivery revisions by over **20%** and **improving overall usability**.
- Happiness 2 You - India** September 2020 - July 2022
Co - Founder and Product Lead
 - Built and launched** an online marketplace for **over 35** home-based sellers, shaping UX and onboarding improvements that helped **drive 25 % sales growth in the first six months**.
- Ipac Automation - India** April 2020 - June 2022
Technical Product Manager
 - Oversaw the **full lifecycle of industrial automation products for EMEA regions**, coordinating hardware, software, and operations teams to deliver critical releases **ahead of schedule and reduce man-hour costs by 35 %** over that time period.

EXTRA-CURRICULARS

- TEDxEDHEC - Head of Events and Operations**
 - Spearheaded a **20+ member multicultural team** and orchestrated a high-impact TEDx experience featuring 8 influential speakers and captivating over **200 attendees**.
